Things to consider if your child feels unwell...

Without proper rest, a child may have a hard time fighting an illness or be at risk for other illnesses. Please keep your child home if they:

- **Have a fever.** Are too sick to take part in all normal school activities.
- **Have a suspected or known communicable disease** (i.e. strep throat, chicken pox, measles).
- **Is vomiting or have diarrhea.** It is recommended that students be symptom free at least 24 hours before returning to school.

Keep your child home until they are able to participate fully in normal school activities or as directed by a health care provider.

If the school finds it necessary to send your child home because of illness, please make sure you have arranged an emergency contact if you are not available.

RICHMOND
SCHOOL DISTRICT NO. 38

Inclement Weather: School Closure Notifications

The district will try to determine school closures due to inclement weather by 6:30 a.m.
Updates will be delivered using social media and school and district websites.

No radio or television announcement will be made saying that schools are open. Only school closures will be announced by the media. To reach as many people as possible – as quickly as possible – we work closely with our local media to share information. Listen to local radio stations and follow local news outlets online to also get information about the impact of severe weather or emergencies in our schools.

If snowfall begins while school is in session, in most circumstances, schools will remain OPEN until the end of the school day.

If schools are open, and you wish to keep your child home due to weather conditions, you may do so. Please let your school know of this decision. Parents/guardians are responsible for their child's safe travel to school.
